SARCO, Inc. - M1919A4

"The machine gun, caliber .30, M1919A4, is recoil operated, belt fed, and air cooled. In recoil operation the rearward force of the expanding powder gas (kick) furnishes the operating energy. The moving parts, while locked together at the moment of the explosion, are left free within the receiver to be forced to the rear by the

recoil.

FM 23-45 Basic Field Manual Browning - Internet Archive

The most common 1919A4 and A6 Brownings are those that were assembled from surplus parts sets and a new manufacture receiver side plate. Completely original Browning machine guns can be obtained, but are difficult to locate and more expensive.
