

care ethics new theories pdf

The ethics of care (alternatively care ethics or EoC) is a normative ethical theory that holds that moral action centers on interpersonal relationships and care or benevolence as a virtue. EoC is one of a cluster of normative ethical theories that were developed by feminists in the second half of the twentieth century. While consequentialist and deontological ethical theories emphasize ...

Ethics of care - Wikipedia

Ethics or moral philosophy is a branch of philosophy that involves systematizing, defending, and recommending concepts of right and wrong conduct. The field of ethics, along with aesthetics, concerns matters of value, and thus comprises the branch of philosophy called axiology.. Ethics seeks to resolve questions of human morality by defining concepts such as good and evil, right and wrong ...
