Healing is the process of the restoration of health from an unbalanced, diseased or damaged organism. The result of healing can be a cure to a health challenge, but one can heal without being cured. The profession of nursing has been traditionally concerned with matters of healing, whereas historically the profession of medicine has been concerned with curing.

Energy medicine, energy therapy, energy healing, vibrational medicine, psychic healing, spiritual medicine or spiritual healing are branches of alternative medicine based on a pseudo-scientific belief that healers can channel healing energy into a patient and effect positive results. This idea itself contains several methods: hands-on, hands-off, and distant (or absent) where the patient and ...
