The Foundation for Democracy in Iran is the premier clearinghouse for news on human rights violations in Iran and on Iranian opposition activities. FDI works with a broad spectrum of pro freedom groups inside Iran. We believe that with the proper support, these groups could be successful in liberating Iran from the yoke of the Shiite clerical dictatorship.

In 1995, Musk and his brother, Kimbal, started Zip2, a web software company, with money raised from a small group of angel investors. The company developed and marketed an Internet city guide for the newspaper publishing industry. Musk obtained contracts with The New York Times and the Chicago Tribune and persuaded the board of directors to abandon plans for a merger with CitySearch.

Although democracy has spread from one country to more than 100 countries in the space of two centuries, it has also suffered setbacks along the way, and continues to face resistance to this day. Democracy, after all, is not inevitable, and yet it remains the best system of governance compared to the known alternatives.

At least 40 per cent of the world's economy and 80 per cent of the needs of the poor are derived from biological resources. In addition, the richer the diversity of life, the greater the opportunity for medical discoveries, economic development, and adaptive responses to such new challenges as climate change.

[Edit 3/2014: I no longer endorse all the statements in this document. I think many of the conclusions are still correct, but especially section 1 is weaker than it should be, and many reactionaries complain I am pigeonholing all of them as agreeing with Michael Anissimov, which they do not; this complaint seems reasonable.
