Davis is so creative and so adventurous as a writer that it's actually a bit tiring to keep up with her. Not sure why this was published/written as "a n ... more ovel" when it very clearly is a set of (weird) short stories that start to creak a little in the places where they're bent back toward the others to justify novel-dom.

While Davis defies genre in Duplex by crossing through several typesâ€™literary fiction, magical realism, fantasy, sci-fi, horror (to name a few)â€™many elements of the novel stay true to a fairy tale. The book largely revolves around the love story of Mary and Eddie, and the turning point in their relationship comes on that end-of-summer night in the first chapter, when Body-without-Soul speeds down the street, blinding everyone to with his headlights.
