

economics for everyone pdf

Economics (/ ˈiːkənəmɪks, ɪˈkɒnəmɪks/) is the social science that studies the production, distribution, and consumption of goods and services.. Economics focuses on the behaviour and interactions of economic agents and how economies work. Microeconomics analyzes basic elements in the economy, including individual agents and markets, their interactions, and the outcomes of interactions.

Home Economics usually brings to mind sewing aprons and cake baking. However, home economics classes taught much more. These classes acted as a bridge during the 20 th Century for women to enter into institutions of higher education and later into professions. When first introduced in the late 1800s, these classes helped girls prepare for life on the farm helping their families.
