3. Edexcel Revision Guides | chemrevise

A mind map to show the different ways to test for negative and positive ions, gcse higher tier chemistry AQA

Test for positive and negative ions - Mindmap in GCSE

PPT with resources and worksheet for students to work through and complete using a practical, and independent work. It covers appearance, state, boiling/melting points, uses and reactivity, reaction with group 1 metals and displacement reactions, and word equations and symbol equations (could easily be adapted for balanced symbol equations as well).
