The nineteenth century was a time of unprecedented transformation, and nowhere was this more apparent than on the streets of London. In only a few decades, London grew from a Regency town to the biggest city the world had ever seen, with more than 6.5 million people and railways, street-lighting and new buildings at every turn.

The Theatre in Nineteenth Century Spain Book Summary : This is the first comprehensive study of the theatre of nineteenth-century Spain, a most important genre which produced more than 10,000 plays during the course of the century. David Gies assesses this mass of material - much of it hitherto unknown - as text, spectacle, and social phenomenon.
