Bipolar disorder, previously known as manic depression, is a mental disorder that causes periods of depression and periods of abnormally elevated mood. The elevated mood is significant and is known as mania or hypomania, depending on its severity, or whether symptoms of psychosis are present. During mania, an individual behaves or feels abnormally energetic, happy, or irritable.

Published continually since 1998, "NEWS YOU CAN USE" was a Blog before "Blog" was even a word! Its intention has been to help inform the football coach and the interested football observer on a wide variety of to pics, usually - but not always - related in some way to coaching or leadership. It contains news and views often (trigger alert!) highly opinionated but intended to be thought-provoking.
