And, from a trader's perspective, if you knew that something was going to market the high or the low 15% of the time, you'd want to know that. Right? Further, if you take a look at the other 5- or 10-minute intervals in the trading day, the opening range price extremes are repeated a miniscule percentage of the time.

### **Logical Trader**

Simple Logic: No trader can be consistently profitable by relying on gut instinct or "a knack" for predicting the next market move. The truly successful trader uses a proven methodology and applies a systematic, disciplined approach to every trading decision.

### **The Logical Trader - Ebook pdf and epub**

The purpose of this thread is to try to develop manual trading methods based on the methodology offered in "The Logical Trader: Applying a Method to the Madness" by Mark Fisher. I am talking about intraday scalping, not longer-term trading. Astral and I have been playing with this and it looks promising.
